Johnstons of Elgin

Johnstons of Elgin, based in Scotland, specialises in the manufacture of cashmere and luxury fibres offering a wide range of men's and women's knitwear, accessories, home furnishings and fine fabrics to top designers, quality retailers and customers around the world.

SINCE 1797
Johnstons
of Elgin

Johnstons use Mitrefinch's **Time and Attendance**, **Flexipay** and **HR Manager**, which replaced the company's previous in-house systems. Installed in 2002, the Mitrefinch systems cover the 800 employees based at Johnstons' four sites and is used daily to observe access control and monitor staff attendance.

Improving efficiency

Mitrefinch is currently the provider of choice for Johnstons, as the systems allowed the systems to be linked saving valuable time and reducing labour costs. Mitrefinch's time and attendance solutions enable businesses to improve time management and absences, enhancing security and staff safety.

Gerry Skelton, Human Resources Director at Johnstons says: *"The Mitrefinch package has provided the opportunity to integrate all of our personnel and payroll needs into one solution. With the package in place we can manage HR and time and attendance centrally from the Elgin site making significant savings on administration."*
